About us Map How to

Using this VehicleApp is easy!

Step 1 Rent a vehicle
Choose a subscription type
Choose the vehicle you want
Scan the QR code

Step 2 Ride your vehicle
Ride the vehicle 30 minutes for free

Step 3 Return your vehicle
Dock the bike in the station
or
End the ride through the app for any of the other vehicles

We will use the same Scan QR code screen to start and end a ride.

After the end ride QR has been scanned

Depending on if Vehicle or Station is selected the suggested problems will be different. (ex: Dock, QR code, etc.)

Defect report option will only be available for an hour after ride was taken. (end time)
